

# Invitation to our Inspirational Evening

## Youth +

### Youth Entrepreneurship in Europe

We welcome you to an inspirational evening on youth entrepreneurship as part of the [Towards collaborative practice - European Conference on youth work, social innovation and enterprise](#). This evening will be divided into two parts. The first part is about sparking an interest and inform about the opportunities that exist for social entrepreneurship. The second part is about networking and enabling meetings between participants.

During the first part of the evening, we will have several speakers, including Eric Hannerz, researcher and Deputy Professor at Lund University. He will speak about the opportunities that young people have to reach their dreams and goals regarding social entrepreneurship. This is followed by two practical examples of social entrepreneurship project. Then we continue with an interesting panel discussion on the topic of **the social entrepreneur** - different view of how it works in practice. Four panelists will discuss the methods that are most appropriate, the existing challenges and debate if a consensus on the topic could be reached? We will end the first part of the evening by informing you about the opportunities available to finance your ideas.

The second part of the evening begins with us offering you food and drinks while we give you an opportunity to mingle and network with other participants of the [Towards collaborative practice - European Conference on youth work, social innovation and enterprise](#). It is a unique opportunity for transnational meetings with players from all over Europe and an opportunity to share information about your organization or the idea you have. Feel free to bring brochures and other printed material that can be useful to share.

#### ***Forum for meetings and exchanges***

You will understand the relationship between young social entrepreneurship and social innovation through meetings with a variety of experts and social entrepreneurs in a creative environment.

#### ***Target Audience***

The inspirational evening is aimed primarily at people who are representatives of support structures of (social) entrepreneurship, professionals working on youth employment, youth work professionals, social entrepreneurs, or youth workers from organizations that provide support to young people who want start and run their own project ideas.

#### **Goals of the inspiration evening**

- Create a common understanding of social entrepreneurship in the youth sector,
- Initiate and strengthen future cooperation between youth leaders and other stakeholders;
- Inspire young people to social entrepreneurship;
- Inform about the opportunities offered by the EU "Erasmus +" programme to support entrepreneurial learning and social entrepreneurship.
